

## Example for regstats

This example demonstrates the use of package `regstats`, v1.0b as of 2011/05/16 (HMM).

The used option was `proof=false`. This is the default option. For more details please see the documentation!

Save per page about 200 ml water, 2 g CO<sub>2</sub> and 2 g wood:  
Therefore please print only if this is really necessary.

For the resulting message, please compile `regstats-example.tex` and have a look at the end of the log-file.
